Welcome to
Empower School of Health

Our mission is to Transform the way people LEARN, WORK and SAVE LIVES through DIGITAL LEARNING

Empower is a capacity building organization and supports the strengthening of institutional and HR capacity of global health & humanitarian programs through online trainings-education and face-to-face workshops. Empower’s multi-disciplinary team specializes in developing digital Learning & Development (L&D) solutions.

Empower has also developed several e-learning products, including Competency Assessment Tool (CAT) for procurement and supply chain, an online post graduate diploma program in global health procurement and supply chain management, and several short certificate courses in supply chain. In total, Empower has developed and delivered more than 1 million hours of capacity building content to nearly 100,000 public health and supply chain professionals in 100+ countries.

Empower has gained many recognitions in acknowledgement of its commitment to quality in education:

- Accredited by Accreditation Service for International Schools, Colleges & Universities (ASIC) and designated as an ASIC Premier Institution. ASIC Accreditation is an internationally respected quality standard for schools, colleges, universities and online learning providers.

Benefits of Empower’s Courses

- Prepares students for a global career in Public Health and Supply Chain Management
- Personal and professional growth in terms of leadership and management
- Opportunities with leading organizations (UN organizations and Ministries of Health)
- On-demand mentorship and on-the-job learning

What distinguishes our courses from routine courses?

- Its global orientation: sharing of experiences from across countries,
- Course delivery by ranked world educational entities coming together in a rare collaboration,
- A special focus in improving students’ personal effectiveness by building workplace skills,
- Use of cutting-edge e-Learning technologies and instructional design to make learning easy and impactful and
- A practical and applied approach with the extensive use of exercises, case studies, projects, and internships.

Faculty and Advisors

Prof. Paul Lalvani  
Managing Director, Empower Group; Deputy Chair of People that Deliver; former head of Global Fund’s Department of Procurement & Supply Chain Management; advisor to various UN agencies, international donors and Ministries of Health.

Prof. Andy Barraclough  
Director of Training and Capacity Development, Empower; Professor of Public Health Procurement & Supply Chain Management; QMS certified Global Fund PSM consultant. Over 25 years of experience of working with major international funding institutions and bilateral organisations.

Dr. Denis Broun  
Director, Empower Swiss and Empower France. Has more than 30 years of public health and supply chain experience. He was the former Executive Director of UNITAID, former Regional Director of UNAIDS, and former Director of WHO and UNICEF.

Dr. Bernadette Nirmal Kumar  
Director of the Norwegian National Center for Migration and Minority Health; Associate Professor - Global Health, Institute for Health and Society, University of Oslo; Former Senior Advisor to the Royal Norwegian Embassy for the Prime Ministers' - Norway India Partnership.

Prof. Luk Van Wassenhove  
Award-winning author and teacher and has published several articles in academic and management journals, such as Harvard Business Review. He founded the INSEAD Social Innovation Centre and currently leads INSEAD’s Humanitarian Research Group.

mr. Dr. Jonathan VanGeest  
Professor and Chair, Department of Health Policy and Management, Kent State University, USA. Teaching experience in Public Health Administration, Cost Benefit Analysis of Public Health Programs and Public Health Programs: Planning, Implementation and Evaluation.

Mr. Henri Fourcault  
Director of Empower’s Center for Leadership Development, Geneva. Henri is an expert in staff and institutional strengthening, with more than 35 years of experience in change management, supply chain strengthening, strategic planning and team building, performance management and leadership.

Dr. Santiago Kraiselburd  
PhD from Harvard University; global leader in supply chain, operations management and academia. He has advised governments, universities and large private sector companies. He has worked for MIT University’s academic logistics center in Zaragoza, McKinsey, INCAE (leading business school in Latin America), and more.
Programs include:

**Self-Assessment**

The Procurement and Supply Chain Competency Assessment Tool (CAT) has been developed in collaboration with the People that Deliver (PtD) and their Competency framework.

**Technical Assistance**

All enrolled students will receive on-the-job Technical Assistance through our remote digital network and platform. This will include academic support and technical support from Empower’s global mentors.

**Consultancy and Placement Support**

Empower supports its alumni with internships, consultancies and new job openings through its network. Our alumni work with UN agencies and Ministries of Health on Supply Chain projects including, strategy, policy, assessment, data analysis, LMIS projects, market research and more.
Prospective Candidates and Eligibility

These courses are for participants who are working in or aspiring to work in global health procurement and supply chain management, including:

- Professionals working in NGOs, government organizations, health facilities, pharmaceutical sector or any public health organization
- Students planning to pursue a career in Global Health or in Procurement and Supply Chain Management
- Participants should have a Diploma or a Bachelor’s Degree to enrol in the Post Graduate Diploma course
- Access to a laptop or desktop with working internet connection and bandwidth of 512 kbps (1 mbps recommended)

Alumni Speak

I thank you for this course and giving this opportunity for improving my knowledge; It has been an honor to be a part of Empower School of Health.

Florence D. Guillaume, Country Director USAID GHSC-PSM (Haiti)

I would like to start by thanking you Empower for being supportive along the way and always encouraging. I am very grateful to my organization Chemonics for this opportunity to me and colleagues.

Ruth Kuria, Office Manager USAID GHSC-PSM, Chemonics International Inc (Kenya)

This course has made me gain a deeper understanding of the real issues that affect procurement and supply chain. This is a must do course for someone who wants to pursue a career in PSCM!

David Munemo, Ministry of Health & Child Care (Zimbabwe)

The necessary skills acquired at Empower School of Health will go a long way in helping my department & country as a whole.

Iakuna Moide, CHAI (Papua New Guinea)

The supply chain course is a new frontier in my career. This course was incredible in terms of content and design. Especially the final case study was a new experience for me. Thank you Empower team for your kind support.

Md. Farhan Shahriar, Partnerships Manager Chemonics International Inc (Bangladesh)

I am privileged to be with the team who has graduated and appreciate the way the course was designed. We really enjoyed the course, enjoyed doing practices, and am also grateful to my organization Chemonics- we will use this knowledge to improve the supply chain management in our area. Thank you.

Juvenal Majoro, Senior Advisor for Health Systems Strengthening (Rwanda)

I am thankful to Empower for giving me an opportunity to participate in the course and I feel very lucky to be taught by experienced trainers.

Viengsavanh Phanmanivong, GFATM PR office Ministry of Health (Lao PDR)
Empower is a global health academic research and capacity building institute focusing on empowering individuals and communities. Empower works with UN agencies, MoH, public health organizations, international NGOs and donor agencies across more than 100 countries.

Kent State University is one of the leading universities in the state of Ohio, USA. The university has eight campuses in Ohio and also has presence in Florence (Italy), Geneva (Switzerland), Beijing (China) and 60+ study abroad locations. It has cutting edge programs in public health and has 42,000 current students and 214,000 alumni across 100 countries.

The United Nations Institute for Training and Research (UNITAR) is an autonomous body within the United Nations that was established in 1965 pursuant to a UN General Assembly resolution, with the purpose of enhancing the effectiveness of the UN through appropriate training and research. UNITAR’s mission is to develop the individual, institutional and organizational capacities of countries and other United Nations stakeholders through high quality learning solutions and related knowledge products and services to enhance decision-making and to support country-level action for overcoming global challenges.

The Global Fund is a partnership designed to accelerate the end of AIDS, tuberculosis and malaria as epidemics. As an international organization, the Global Fund mobilizes and invests more than US$4 billion a year to support programs run by local experts in more than 100 countries.

IAPHL India Chapter is managed by Empower and promotes the IAPHL mission of supporting the professionalization of supply chain officers and managers in India and others working in the field of public health logistics and commodity security. The objective of this chapter is to promote the importance of “Supply Chain” in public health programs in India.

The Chartered Institute of Logistics and Transport (CILT) has signed an MoU with Empower. CILT Tanzania was officially established in 2007 and creates a solid growth model based on regional development. Passionate about the education and member services. CILT strives to strengthen, enhance and share best practices and learning within the global family and to encourage participation and advancement at all levels.
